Readers who found these articles interesting may also like to read these papers that can be found in recent issues of AATS journals.

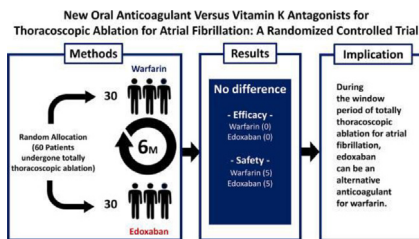

Adult Articles in AATS Journals

Tricuspid Valve

JTCVS Open: Tricuspid annular dynamics, not diameter, predicts tricuspid regurgitation after mitral valve surgery: Results from a prospective randomized trial. Pettinari M, De Kerchove L, Van Dyck M, et al: *J Thorac Cardiovasc Surg Open*. 2023 [In press].

Arrhythmias

STCVS: New oral anticoagulant versus vitamin K antagonists for thoracoscopic ablation in patients with persistent atrial fibrillation: A randomized controlled trial. Lee Y, Jeong DS, Ahn J, et al: *Semin Thorac Cardiovasc Surg*. 2023 [In press].

Commentary: Novel oral anticoagulants effectuating novel applications in cardiac surgery! Sainathan S, Salerno TA. *Semin Thorac Cardiovasc Surg*. 2023 [In press].

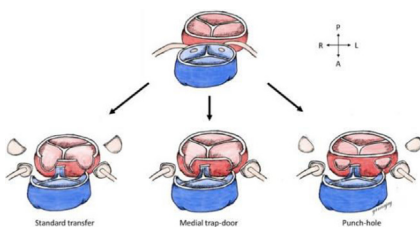

Mechanical Circulatory Support

JTCVS Techniques: Technical considerations for percutaneous pulmonary artery cannulation for mechanical circulatory support. Usman AA, Spelde AE, Cevasco M, et al: *J Thorac Cardiovasc Surg Tech*. 2023 [In press].

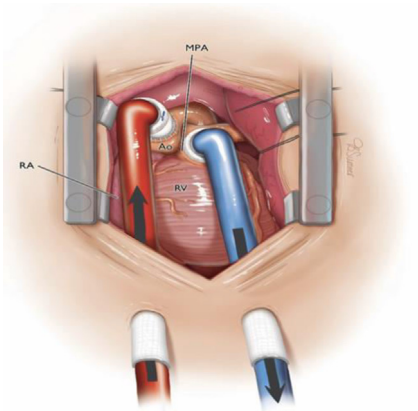

Congenital Articles in AATS Journals

Aorta

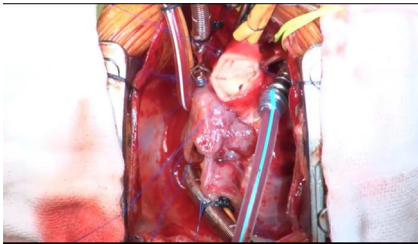

STVCS: Technique of coronary button transfer has no impact on neo-aortic root size in simple transposition. Salve GG, Edington AK, Vijayaraghavan A, et al: *Semin Thorac Cardiovasc Surg*. 2023 [In press].

Mechanical Circulatory Support

JTCVS Techniques: Use of Berlin EXCOR cannulas in both veno-venous and veno-arterial central ECMO configurations overcomes the problem of cannula instability while bridging infants and young children to lung transplant. Stephens NA, Chartan CA, Gazzaneo MC, et al: *J Thorac Cardiovasc Surg Tech.* 2023 [In press].

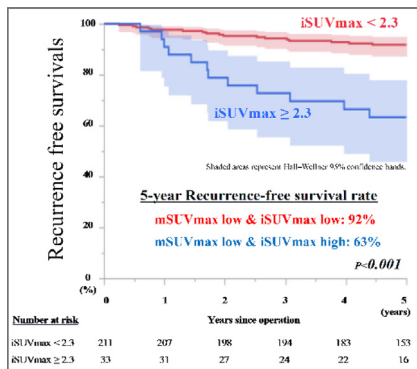

Truncus Arteriosus

JTCVS Open: Death, reoperation, and late cardiopulmonary function after truncus repair. Hoashi T, Imai K, Okuda N, et al: *J Thorac Cardiovasc Surg Open.* 2023 [In press].

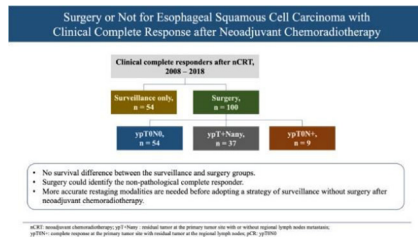

Thoracic Articles in AATS Journals

Lung Cancer

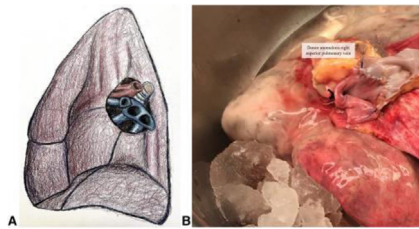

JTCVS Open: Prognostic role of preoperative FDG-PET/CT with an image-based harmonization technique: A multicenter retrospective study. Hamada A, Kitajima K, Suda K, et al: *J Thorac Cardiovasc Surg Open.* 2023 [In press].

Esophageal Cancer

STCVS: Surgery or surveillance for esophageal squamous cell carcinoma with clinical complete response after neoadjuvant chemoradiotherapy. Ting Y-C, Hsu P-K, Chen H-S, et al: *Semin Thorac Cardiovasc Surg.* 2023 [In press].

Lung Transplantation

JTCVS Techniques surgical technique: Management of donor partial anomalous pulmonary veins during lung transplantation. Zhao JY, Ganapathi AM, Whitson BA. *J Thorac Cardiovasc Surg Tech.* 2023 [In press].
